Procurement Policy & Projects Officer – Health Care Without Harm Europe
About HCWH Europe

- A **non-profit membership organisation** of European hospitals, healthcare systems, healthcare professionals, local authorities, research/academic institutions, and environmental and health organisations.

- **Bringing the voice of healthcare professionals** to the European policy debate about key issues, such as: chemicals, climate change and health, sustainable procurement, pharmaceuticals, sustainable food.

- **Educating the healthcare sector** to understand the importance of the environment and press healthcare leaders and professionals to advocate for broader societal policies and changes.
HCWH Europe Programmes

- Safer Chemicals
- Climate-smart Healthcare
- Sustainable Food
- Safer Pharma
- Sustainable Procurement
Global Green and Healthy Hospitals (GGHH) is an international network of:

- Hospitals
- Healthcare facilities
- Health systems
- Health organisations

Members are dedicated to reducing their environmental footprint and promoting public and environmental health.
Project objectives

- Transform the use of plastics within the healthcare sector in Europe and reduce the negative impact that plastics have on both the human health and the environment.

- Support the European healthcare sector in transitioning to a circular economy model.
Audits & collection of procurement data

Identify the type of plastic products used, the extent of their use, and how they are disposed of
Plastic action teams

Raise awareness amongst stakeholders on the impacts of plastic use in healthcare and actions to transform it, inspiring replication
Approach and project outline

Procurement working group

- Promote widespread reduction/replacement of plastic products & packaging

Market transformation workshop

- Stakeholders discuss the need for sustainable products
### Expected results
